Hardwood Mouldings

The Premium Series® is the largest, most diverse coordinated moulding program available in the U.S. from a single manufacturer. These in-stock products are manufactured from quality hardwood, using the latest woodworking technology. Mouldings are available in as many as ten hardwood species, ensuring professional results for the most challenging design and multi-species applications. All paint-grade mouldings are manufactured from solid, durable hardwood, providing sharp, crisp details and superior finish qualities.

Multiple Species Mouldings

With over 100 profiles stocked in up to ten hardwood species, *The Premium Series®* offers an unparalleled selection of Multiple Species Mouldings. Multiple Species profiles are designed to coordinate with all of *The Premium Series®* Collections. A virtually unlimited range of design possibilities is at your fingertips—without the cost of custom runs. Select from a complete range of wood species and a full array of matching hardwood accessories, radius work and carvings. The  symbol denotes multiple species availability.

MDF Mouldings

Designed to coordinate with all of our hardwood collections, Premium Series® MDF Mouldings are the most economical solution for paint-grade applications. Pre-primed and manufactured from the highest-quality Medium Density Fiberboard, MDF profiles are typically stocked in 17-foot lengths.

Palassé™ Mouldings

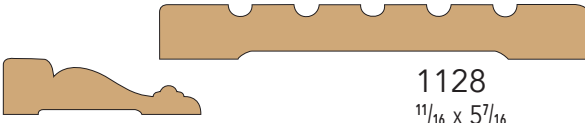

Using techniques reminiscent of Old World craftsmanship, each Palassé™ Moulding is made from our own handmade masterpiece. Crafted from high-quality solid hardwood, these embellished mouldings display elegant artistic detailing. Each Palassé™ Moulding coordinates seamlessly with our other hardwood products and can be used as an accent in special areas or throughout a project for a spectacular architectural statement.

Moulding Accessories

A complete line of in-stock Moulding Accessories is available, including flexible resin mouldings, stock and custom radius pieces, plinth blocks, corner blocks and radius corners. Stocked in up to eight species of hardwood to match and complement our other wood products, these high-quality accessories help you achieve a fully detailed professional installation.

In addition to Curved Hardwood and Lightweight MDF, Flexible Resin Bases are made to match every stock or custom profile.

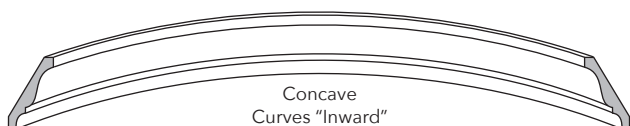

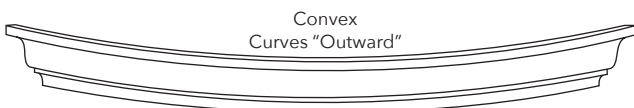

Resin mouldings conform to contours and allow economical installations on curved walls.

Radius Corner Blocks are available for all stock or custom Base, Chair Rail, and Crown profiles. Wooden segments are designed to fit standard $\frac{3}{4}$ " radius drywall corners.

Corners can be manufactured in any wood species and are available in custom radii upon request.

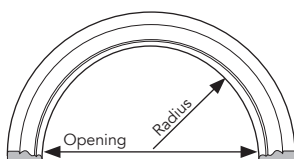

Curved Hardwood, Lightweight MDF and Flexible Resin Crowns are available to accommodate both convex and concave applications as illustrated. All stock or custom crowns can be made to match any wall radius or curve.

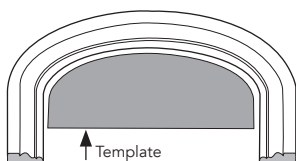

Curved Hardwood, Lightweight MDF and Flexible Resin Casings provide simple solutions to all types of curved openings. From Elliptical to Half-round, Eyebrow or Oval; mouldings are available for all stock or custom profiles.
